

SMOKEbarrier SG

GLASS STATIC SMOKE BARRIER

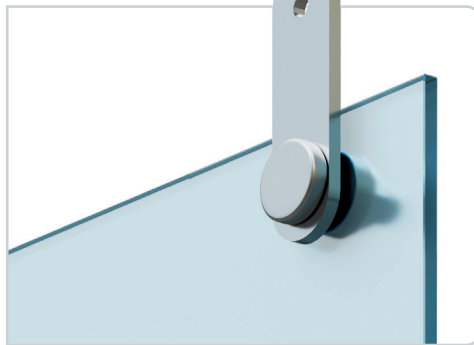

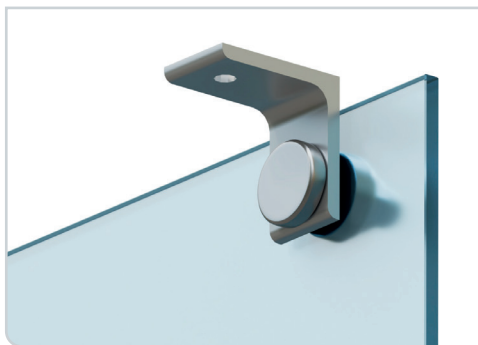

FIRE RESISTANCE CLASSIFICATION:
D 120

PRODUCT DESCRIPTION

- > Small space requirements, the design of the barrier enables assembly without any additional special structures, fixed between concrete, masonry or steel profiles
- > Glass sheets can be connected in line, creating an unlimited length of the barriers
- > Relatively low weight 15 kg/m²
- > Special clear fire resistant glass 6 mm thick
- > **Max. dimensions of glass sheet (w × h):**
» **2 500 × 1 800 mm** (resistance D 120)
- > All visible steel components are made in stainless steel
